**SOLO CUP DIVESTS JAPAN MANUFACTURING ASSETS**

*Company Further Reduces Debt*

HIGHLAND PARK, Ill., October 25, 2007—Solo Cup Company (the “Company”), a leading provider of disposable foodservice products, today announced that it has signed an agreement to sell 100% of the capital stock of its Japanese subsidiaries, Yugen Kaisha Solo Cup Asia-Pacific and Solo Cup Japan Co., Ltd., to Yugen Kaisha PC Rose, an affiliate of leading Japanese investment fund Phoenix Capital Co., Ltd., for approximately \$48 million. Subject to customary closing conditions, the transaction is expected to close on November 12, 2007. Under the terms of the agreement, the buyer will acquire all property, plant and equipment, including Solo Cup Japan’s manufacturing facilities in Fuji and Kumamoto, Japan and corporate office in Tokyo.

Solo Cup Japan primarily manufactures drinking straws and milk bottle caps. “Our production in Japan is narrow in scope and not well-aligned with our core disposable foodservice business,” said Robert M. Korzenski, CEO, Solo Cup Company. “As we continue to focus on our core competencies, we are pleased to find a buyer for this business who can leverage assets that are no longer a good strategic fit for Solo.”

Korzenski added that Solo intends to use the proceeds from the sale to further reduce the Company’s term loan, bringing its total debt reduction for the year to more than \$370 million.

Solo Cup Company is a \$2.2 billion company exclusively focused on the manufacture of disposable foodservice products for the consumer/retail, foodservice and international markets. Solo has broad expertise in paper, plastic and foam disposables and creates brand name products under the Solo and Sweetheart names. The Company was established in 1936 and has a global presence with facilities in Canada, Europe, Mexico, Panama and the United States.
